

## Pattern #13 – Quiz: Should (はず)

美保：ブラジルからのボランティアだよな？ブラジルのどの辺りから来たの？ちなみに私は日本出身なの。

マノエラ：本当？私はパラナ州出身で、日系ブラジル人がすごく多いよ。実は友達のほとんどが日本の血筋の人なので、日本語が少し話せるはずなんだけど、残念ながら全然話せないの。^^;;

マノエラ：あの電灯は今ついているはずなの？勤務時間外だから、電気は全部ついていないはず。

美保：そう。オフィスは暗いはず。誰かが残業しているか、電気を消し忘れているかのどちらかだよな。

美保：これは昨日届いたばかりの超音波装置なので、ちゃんと動くはずだよな？

マノエラ：理論上は問題ないはずだが、輸送中に壊れちゃった可能性もあるので、手術室に運ぶ前に確認した方がいいと思う。自己診断プログラムの実行方法は知っているよね？

美保：知ってると思う。この赤いボタンを押してスイッチを入れれば、プログラムが起動するはずでしょう？

マノエラ：来月は包帯が100ケースあれば足りるはずじゃない？そんなにあれば、足りなくなることはないはず。

美保：アーシャ先生は近々患者さんが大量に来ると予想しているみたい。もっと注文した方がいいと思うよ。200ケースあれば十分はず。

美保：どうして手術室の電灯が突然消えたの？まだ手術終わってないじゃない！--;;

マノエラ：また停電だよ！でも、ちょっと変だよな。予備電源システムが自動的に入ったはずなのに！

美保：倉庫に懐中電灯が何本かあるはず。それらを持って来るから、それで手術室を照らそう。そうすればスタッフは手術を最後まで続けられるはず。何もないよりはましだわ。

マノエラ：本当に長い勤務シフトだったわ！やっと終わってよかった。今夜、これからは静かなはずだね。

美保：うん、夜明けまでは寝られるはず。クタクタだけど、お腹も空いたし。さあ、行こう！^^ スタッフ食堂で何か食べよう。あそこ遅くまで開いているから、まだやってるはず。あそこの料理はどう思う？

### Pattern #13 – Quiz Answers: Should (はず)

**Miho:** You're the volunteer from Brazil, right? What part of Brazil are you from? I'm from Japan, by the way.

**Manoela:** Really? I'm from Parana state, which has a large Japanese-Brazilian community. In fact, most of my friends have Japanese ancestry, so I should be able to speak some Japanese. Unfortunately, I don't speak any. ^^;;

**Manoela:** Should that light be on right now? It's outside office-hours, so none of the lights should be on.

**Miho:** Yeah. The office should be dark. Either someone is working overtime, or someone forgot to turn the light off.

**Miho:** This is the ultrasound machine that just arrived yesterday, so it should be working, right?

**Manoela:** In theory, it shouldn't have any problems, but it might have been damaged during shipping, so I would check it before bringing it to the operating room. You know how to run the self-diagnostic program, right?

**Miho:** I think so. Once I press this red button and turn on this switch, the program should start running, right?

**Manoela:** Shouldn't 100 cases of bandages be enough for the next month? With that much, we shouldn't run out of it.

**Miho:** Well, Dr. Asha expects a huge influx of patients soon. I think we should order more. 200 cases should suffice.

**Miho:** Why did the lights suddenly go off in the operating room? The operation isn't finished yet! - -;;

**Manoela:** It's another black-out! I don't get it. The back-up power-system should have automatically turned on!

**Miho:** There should be some flashlights in the store-room. I'll go and bring them, and we can hold them to light up the operating room. That should allow the staff to finish up the surgery. It's better than nothing.

**Manoela:** That was such a long work-shift! I'm so glad it's over. It should be quiet for the rest of the night.

**Miho:** Yes, we should be able to get some sleep until dawn. I'm wiped out, but I'm hungry too. Come on! ^^ Let's grab a bite to eat at the cafeteria. They stay open late, so it should still be open. What do you think of the food there?
